RESEARCH EXPERIENCE

YOUTH COORDINATOR, WHAT WORKS IN SCHOOLS AND SURVEILLANCE-CUYAHOGA COUNTY (MAY 2026-)

- Coordinate youth-focused public health programming and support the implementation of school-based health initiatives across participating school districts.
- Develop and facilitate educational programming focused on public health, surveillance, data, literacy, and youth leadership.
- Mentor and supervise high school interns serving as Youth Data Ambassadors, supporting their professional development and engagement in public health research.
- Guide youth in interpreting Youth Risk Behavior Survey (YRBS) data and translating research findings into accessible, youth-centered educational materials.
- Coordinate the development of youth-led data awareness campaigns and public health projects that promote health education and advocacy.
- Collaborate with school partners, public health professionals, and community stakeholders to strengthen youth engagement in school health initiatives.

GRADUATE RESEARCH ASSISTANT, PREVENTION RESEARCH CENTER FOR HEALTHY NEIGHBORHOODS, CASE WESTERN RESERVE UNIVERSITY (NOVEMBER 2025-)

- Administer the CDC's Youth Risk Behavior Survey in schools throughout Cuyahoga County.
- Coordinate outreach with Cuyahoga County school principals and lead health educators for the CDC's School Health Profile Surveys.
- Manage, analyze, and disseminate data for multiple projects on adolescent/youth health and development.
- Develop comprehensive research reports summarizing analyses, trends, and supports decision-making.

RESEARCH ASSISTANT, CLINICAL AFFECTIVE SCIENCE LAB, KENT STATE UNIVERSITY (JANUARY 2024-DECEMBER 2024)

- Transcribed qualitative interviews between research staff and study participants to support research documentation and analysis.
- Performed data entry and maintained accurate research records.
- Conducted literature reviews of peer-reviewed scientific publications to support doctoral research and thesis development.
- Assisted with statistical data analysis using SPSS to support research objectives and findings.

RESEARCH ASSISTANT, STUDENT LIFE STUDY, KENT STATE UNIVERSITY (JANUARY 2024-DECEMBER 2024)

- Coordinated participant recruitment and outreach efforts to support study enrollment.
- Communicated study procedures and informed consent requirements to prospective participants.
- Maintained and organized participant records, tracking study involvement and compensation using Microsoft Excel.
- Assisted in developing and coordinating social media content to increase study visibility, participant engagement, and recruitment.
